

## Product Release Notice

### RTX 2016 with Update 3

---

#### General Availability Release Date

January 21, 2019

#### Product Overview

RTX 2016 with Update 3 is the latest release of to the 32-bit version of IntervalZero's market-leading hard real-time RTX 2016 software product. RTX 2016 with Update 3 can be downloaded [here](#).

#### Resolved Issue

Resolves an issue where the Real-time Subsystem would fail to start and cause a reboot after applying any of the Microsoft Windows 7 security updates released after March 2018 to fix the Meltdown-Spectre issue. This RTX version has been tested with Windows 7 KBs starting from September 2018 where Microsoft finalized on a solution.

#### Activation & Licensing

RTX 2016 with Update 3 is a full version of RTX and will uninstall any previous versions found on the system. The IntervalZero product licensing system allows for flexibility in how features are activated and deployed. Please [click here](#) for an overview of IntervalZero product licensing.

For additional information on deployment, please refer to the *RTX Deployment Guide*.
