

Product Release Notice

RTX64 4.x I226 NIC Driver Update

General Availability Release Date

October 17, 2025

Product Overview

The RTX64 4.x I226 NIC Driver Update standalone driver resolves incompatibility with firmware revisions starting with 1.72 (NVM version 2.23). The installation provides an `RtNalIGC.rtdll` driver that can be used with the RTX64 Network Abstraction Layer (NAL).

Note: This driver was tested with RTX64 4.5.4 but should be compatible with all 4.x versions of RTX64 and KINGSTAR.

Availability

The RTX64 4.x I226 NIC Driver Update is available beginning October 17, 2025, on the IntervalZero Customer Center and Support Site.

We look forward to any comments and feedback. If you have any recommendations or would like to suggest product enhancements, please contact Product Management at productmanagement@intervalzero.com.
